

Mater Mission

In the Spirit of the Sisters of Mercy, Mater offers compassionate service to the sick and needy, promotes an holistic approach to healthcare in response to changing community needs and fosters high standards of health-related education and research. Following the example of Christ the Healer, we commit ourselves to offering these services to all, without discrimination.

We believe staff, patients, families and carers all have a mutual responsibility to treat each other with respect and dignity – a basic right of every human person.

Your Safety, Our Priority – Patient and Carer Escalation (PACE)*

We value your safety above all else. We expect that your healthcare team can address any concerns you may have about your care and immediate safety. Patients, families or carers have a right to further escalate their concerns and we encourage you to raise any concerns as early as possible. If you have serious or immediate concerns about your health, please follow the steps outlined below:

Step 1

- Speak to your nurse or doctor, who will listen and respond to your concerns.

If you are unsatisfied with the response and are still concerned – move to step 2

Step 2

- Ask to speak to the nurse/midwifery team leader or nurse/midwifery unit manager.

If you are unsatisfied with the response and are still concerned – move to step 3

Step 3

- Activate a PACE
- Call 555 from a bedside phone or call 07 3163 8555
- Tell the operator "I am using PACE", your name, ward, bed number, and doctors name (if known)
- A senior member of staff will see you within 10 minutes.

*PACE is the equivalent to Ryan's Rule as used by Queensland Health.

Giving feedback

Give a compliment: Everyone enjoys receiving positive feedback, and we are no exception. If you've received exceptional service, we would love you to let us know.

We welcome your feedback and compliments, as it helps us continue to improve.

Make a complaint: If you are unhappy with any aspect of your care, please let us know so we have the opportunity to put things right.

To give a compliment or make a complaint, please follow the steps below:

- Discuss your feedback with the person/s caring for you
- Request to speak to the manager of the ward/unit area
- Ask to speak with Mater's Patient Representative on 07 3163 8303 or email patientrep@mater.org.au
- If you do not believe we have resolved your complaint, you can contact the Office of the Health Ombudsman. This is an independent body and can be contacted on 131 OHO (131 646) or www.oho.qld.gov.au

Mater Patient Charter

A guide for patients, carers and families

Mater respects your right to receive healthcare services. We are committed to provide exceptional, patient-focused, high quality and safe healthcare. In order to provide such care, a partnership between patients, carers and families and healthcare providers is essential.

The Mater Patient Charter addresses your rights and responsibilities. It outlines the process to follow if you, or a family member, wish to raise concerns about your care or immediate safety (PACE). It also provides details to enable you to contact the Privacy Office or provide feedback.

Mater Patient Charter complies with the National Safety and Quality Health Service Standard 2 —Partnering with Consumers.
